Arlington Products Win EC&M Product of the Year – and NECA ShowStopper Awards

Scranton, PA...Arlington Industries Inc. is pleased to announce the receipt of industry awards for several of its innovative products.

ECM Product of the Year, awarded September 2019

Arlington's **FLBC4502** concrete floor box won in the BOXES category and **NM94X** won in the FITTINGS, CONDUIT/CABLE category.

Made of heavy-duty plastic, Arlington's **FLBC4502** 4.5" non-metallic concrete floor box has NEW FEATURES... SIX conduit hubs, FOUR plugs - and THREE options for positioning the low voltage divider in the box. And it's easy to install!

2019 NECA ShowStopper

was awarded to Arlington's **Steel T-Box** at the 2019 NECA Show.

T-Box is the easy, cost-effective way to mount a fan/fixture up to 70 lbs on a suspended ceiling grid – at the cross or on the straightaway.

The annual Showstopper Showcase at the NECA Convention and Trade Show highlights the newest products and services on the market. Open every day starting one hour before the Trade Show, the Showcase gives attendees a chance to explore and try the newest products available, while a panel of anonymous, expert judges determine the winners on a variety of factors.

While more than 153 products were submitted to the Showcase, hoping to be awarded a Showstopper honor, only 25 could actually win.

Arlington thanks the judges and the industry for its recognition of our ongoing efforts in innovative product development as the company celebrates 70 years in business in 2019.
