BE1BAG includes two #6 x 2" long screws.

FEATURES AND BENEFITS

- Functions with all standard devices, switches, and GFCIs
- Allows the contractor to comply with NEC Article 314.20
- Levels and supports the wiring device where the box is set back from the wall surface (adjusts up to a 1-1/2" box extension)
- Works in handy boxes and 4" square electrical boxes with plaster rings for single switches or receptacle
- Manufactured from 105°C continuous use 94V0 rated flame retardant plastic for safer installations
- 2 hour fire rating

Note: To install without removing device wires, tilt the device through the BE1 at a slight angle, straighten it and tighten the screws!

INSTALLATION INSTRUCTIONS

PROBLEM...

Electrical box set back from the wall surface.

SOLUTION...

1 Pull wires through. Press the BE1 firmly into the electrical box.

2 Attach wires to receptacle. Tighten screws for a level, fully supported, code compliant installation.
