Lug

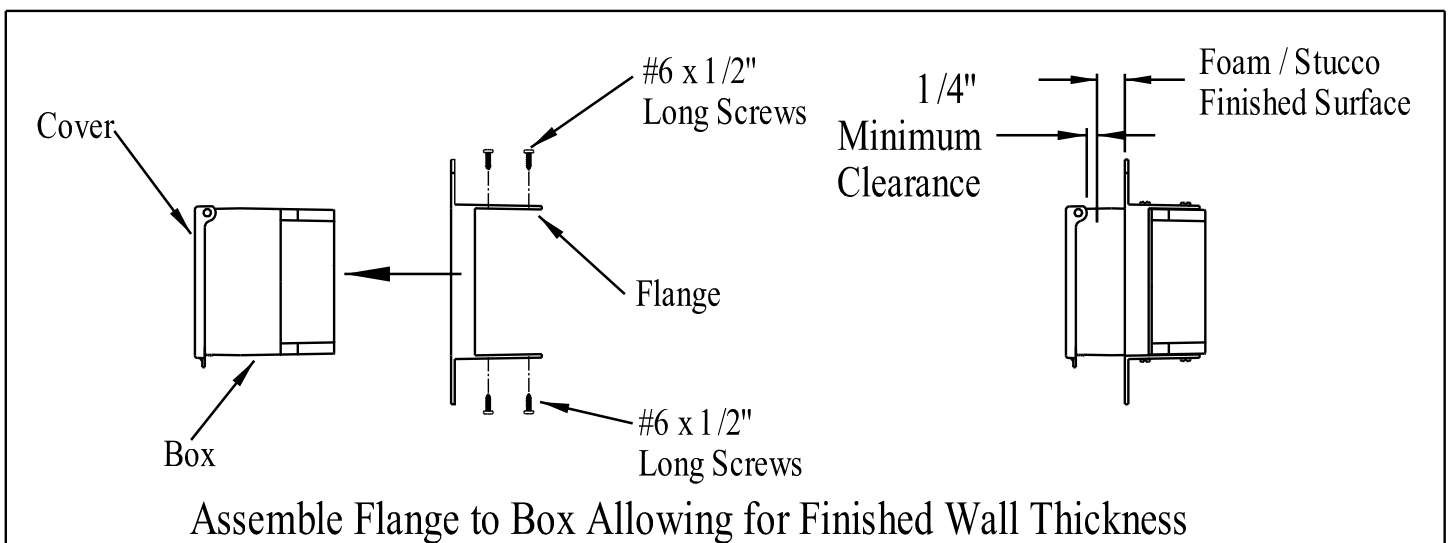

Contents:

- (1) Inbox w/ Adjustable Flange
- (1) NM94 Connector
- (1) Duplex Coverplate
- (1) Decorator Coverplate
- (4) #6 x 1/2" Long Screws

Installation Instructions For :

## DBVMA1C & DBVMA1W Vertical Adjustable IN-BOX

1. Determine location for Inbox and cut hole in substrate or block wall.  
(Template for cut-out on back of instruction sheet)
2. Determine final Foam/Stucco thickness and install Flange to Box with supplied screws, allowing 1/4" clearance between Cover hinge and finished wall surface. (See Illustration below)
3. Pull NM Cable and install cable in box with supplied NM94 fitting.
4. Install INBOX to substrate or block with appropriate fasteners (fasteners not included)
5. Mud stucco completely over flange area (Caulk as required)
6. Wire device per device manufacturer's instructions and in accordance with all applicable Local, State, and National Codes.

If you have any questions or if parts are missing, Please call our Customer Service Department at 1-800-233-4717. Do not call or return this product to your local store or distributor.
