Installation Instructions

1. Remove concrete pour cover.
2. Install FLBT6615LR Leveling Ring (Not Included) . To ensure leveling ring is oriented correctly and installed at the correct height, temporarily attach the coverplate to the leveling ring, then glue ring in place w/ PVC cement. Remove cover when leveling ring is set in position and proceed to next step.
3. Grout around leveling ring using concrete sealant
4. Wire receptacle according to National (NEC/CEC), State, and Local electrical codes.
5. Attach coverplate to leveling ring with two #6-32 x 3/4" screws.
