For Flush-to-the-Wall Mounting of LED, Hi-Def TVs

Accommodates Power... or Low Voltage receptacles

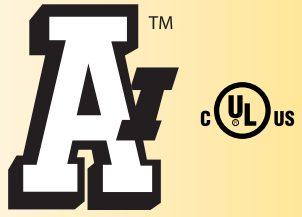

TV BOX is also available in two-, three-, and four-gang styles

Arlington's recessed non-metallic and steel combination power/low voltage TV BOX™ offers the secure, easy way to mount a TV flush against a wall. They feature power on *one side*; low voltage on *the other* for Class 2 wiring of satellite, cable TV, speakers and more.

The finished job looks great! Plugs and connectors stay *inside the box*, without extending past the wall.

Get TV BOX with a **non-metallic** or **steel box** and a paintable white non-metallic trim plate. The *steel box* is designed for use in new or old commercial work where metal raceway is used. It's great in hotels and other settings for placing furniture or appliances close to the wall.

- Easy to install, secure installation in walls up to 1-1/2" thick
- In **retrofit**, mounting wing screws hold box securely in wall
- Box screw-mounts to wood or metal stud in **new construction**
- Covers available for unused two to four gang boxes
- Accommodates Arlington's SCOOP™ entrance plates and hoods
- Available in two-, three- and four-gang styles. And the **NEW SINGLE GANG Steel TV BOX**
- cULus Listed

Recessed Plastic & Steel TV BOX™

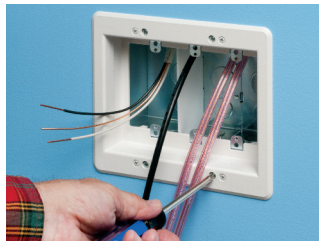

Easy to Install in a Variety of New or Old Work Applications

RETROFIT Installation

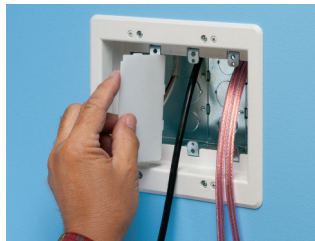

STEEL 3-gang TVBS507 shown

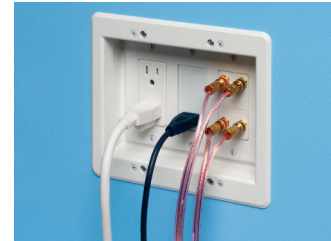

Cut hole using the enclosure, *without trim plate*, as a template for the opening. Attach trim plate.

Pull cable. Insert box in hole. Tighten mounting wing screws to hold box securely against wall.

Install voltage separator for power and low voltage.

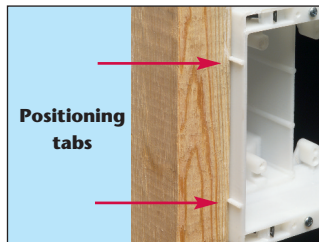

Install devices, then the wall plates.

NEW CONSTRUCTION Installation

PLASTIC 3-gang TVBU507 shown

Attach box to stud with #6 screws. Use positioning tabs on box for proper box depth.

Positioning tabs are set for 1/2" and 5/8" drywall.

Attach paintable trim plate with screws provided.

OPTION Tighten mounting wing screws to pull the box securely against the wall.

Single-gang Steel TVBS503

Non-Metallic 2-gang TVBU505
